

# PEOPLE'S BLOCKADE OF S.F. BAY

The recent air and naval bombardment of Viet Nam is the most massive unleashing of destructive power in human history. Yet the Vietnamese people continue to endure, continue to struggle, continue to win. Nixon has made it clear that he will stop at nothing to win a military victory. His latest desperate measure is the futile and dangerous attempt to blockade North Vietnam by sea and by land (closing the supply routes to China). The Vietnamese people have made it heroically clear that they will not be defeated by this new onslaught - yet they cannot by themselves bring it to an end. For this they depend on us. It is up to us to force Nixon and his gang of war criminals to abandon their escalated mass murder of the people of Viet Nam and bring this war to an end.

Nixon is trying to win the war by blockading Haiphong. We will defeat Nixon by imposing a people's blockade on the naval facilities of the port of Oakland-San Francisco. The target is the Oakland Army Terminal, the major U.S. point of embarkation of troops and munitions for Viet Nam. We, the people, will use tricky Dick's tactics against his war machine: the Army terminal will be interdicted by land with a militant traffic block, and by sea by a naval blockade by the greater Bay area peace armada.

JOIN US. BRING THE WAR HOME. SOLIDARITY  
WITH THE HEROIC VIETNAMESE PEOPLE.
