

WHITE HOUSE

Each week that passes brings a further escalation to the Vietnam war: more U.S. combat troops, heavier bombing raids on North Vietnam, increased use of weapons and tactics that devastate the civilian population, and finally, open battle with Chinese jets. How rapidly are we sliding toward an all-out Asian War, involving hundreds of thousands of American men, and bringing with it the threat of nuclear war itself?

A strong stand must be taken NOW against the war in Vietnam. We call for IMMEDIATE WITHDRAWAL OF AMERICAN TROOPS AND MILITARY AID and INTERNATIONAL GUARANTEES OF FREE ELECTIONS. If you agree, we urge you to join us in a mass sit-in at the White House following the conclusion of the March at the Capitol Building. We will gather at 6 pm on the North Side of the Mall, and march from there to the White House.
